SUMMARY

HND in Information Technology undergraduate at SLIATE, ATI Galle with hands-on experience in full-stack web development using React.js, Node.js, and PostgreSQL. A collaborative team player with leadership experience and a passion for building real-world software solutions. Looking to contribute my technical skills to a professional software development team while continuing to grow as a Software Engineer.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, C#, PHP
Frontend: React.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Vite
Backend: Node.js
Databases: PostgreSQL, MySQL, Neon, Supabase
Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA
Cloud & Deployment: Vercel, Railway, Cloudinary
Other: JWT Authentication, Responsive UI/UX, Agile Development

EDUCATION

Higher National Diploma in Information Technology 2024 – Present
Sri Lanka Institute of Advanced Technological Education (SLIATE), ATI Galle
Relevant Coursework: Software Engineering, Database Systems, Web Application Development, Object-Oriented Programming, Computer Networks

G.C.E. Advanced Level Examination 2022 (2023)
Technology Stream | Index No: 3106276
ICT — B | Science for Technology (SFT) — S | Engineering Technology (ET) — S

G.C.E. Ordinary Level Examination 2019
Index No: 92092462 | Results: 1A, 5B, 2C, 1S

PROJECTS

CareerNexus — AI-Powered Recruitment Platform 2026
Tech Stack: React.js 18, Tailwind CSS, Vite, Node.js, Express.js, PostgreSQL 16, Prisma ORM, Neon, Google Gemini API, Vercel, Railway, Cloudinary

- Engineered a full-stack, production-ready recruitment platform serving 3 user roles (students, companies, administrators) with dedicated portals and role-based access control.
- Integrated Google Gemini AI API to automatically score 100% of student CV applications (0–100) against job requirements, reducing manual screening time for companies.
- Architected 15+ REST API endpoints covering JWT authentication, a Kanban applicant pipeline, automated email notifications, and an admin analytics dashboard with live Recharts charts.
- Launched to live production on Vercel and Railway; fully accessible to real students and companies across the institution from day one.
- Sole developer — independently designed the entire PostgreSQL database schema, backend infrastructure, and cloud deployment pipeline across a 3-month build cycle.

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, Bootstrap

- As a Team leader, Collaborated in a 4-member team to build a complete educational platform supporting 2 user roles (teacher and student) with dedicated dashboards.
- Contributed class management, Zoom session scheduling, recorded lesson uploads, and online assignment submission modules within a 3-month project timeline.
- Applied Agile practices — sprint planning, task allocation, and peer code review — to deliver all milestones on schedule.

Doctor E-Channeling System

2024

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, XAMPP

- Developed a full-stack healthcare web application enabling patients to search and book doctor appointments across multiple specialisations, hospitals, and locations.
- Delivered 3 additional health utility features — BMI Calculator, Lung Capacity Tester, and Medical Information section — increasing overall platform value.
- Structured a normalised MySQL relational database handling doctor profiles, appointment slots, and patient records with zero data redundancy.

QR Code Generator Web App

2024

Tech Stack: HTML, CSS, JavaScript

- Constructed a fully client-side QR code generator enabling instant creation, custom sizing, and one-click image download — zero backend infrastructure required.
- Published live demo and open-source repository on GitHub; attracted positive community feedback and active usage since release.

CERTIFICATIONS

- Advanced Certificate in Web Development — SITEC Matara, 2023
- Diploma in English — SSEA Matara, 2023

EXTRACURRICULAR ACTIVITIES

- INNOVISION 2026 – Won 3rd place in web-based system category
- Member of the Board of Prefects — MR/Radawela College (2018–2019)
- Continuously building and deploying real-world web applications to sharpen full-stack engineering skills.

LANGUAGES

- Sinhala — Native
- English — Professional Working Proficiency
